Other terms and conditions during construction:

1. A professional sign must be placed on the lot displaying the building lot number, lot address, name of builder and builder's contact information, and name of the owner.
2. Any mud, rocks, or debris tracked onto the roadway or in gutters must be cleaned daily. The lot owner and/or contractor shall regularly inspect the site and access roadways and shall perform whatever clean-up and maintenance necessary to maintain these areas in a clean and orderly condition. **If the Owner/Contractor fails to maintain clean streets and gutters, the Association in its sole discretion without further notice reserves the right to perform said clean-up of any mud or debris on roadways or gutters and charge all costs against the Owner.**
3. Building materials must not be stored in gutters or on the roadways without written permission from the County.
4. All construction must be finished by the Completion Date first listed above unless the ACC or BOT, in its sole discretion, approves an extension for good cause, not to exceed six months in length. A daily penalty of \$100 may be assessed at the Association's sole discretion for each day construction is incomplete past the Completion Date and charged to the Owner.
5. **Approval of a plan shall remain valid for six months from the date of approval.** If construction has not started within six months, the plans must be resubmitted for approval and will be subject to any changes made in the covenants, or the Architectural Guidelines during the interim period. An additional plan check fee must accompany the new application.
6. In the event of any type of violation, the Association may in its sole discretion impose a fine, commensurate with the severity of the violation and notice given, including violations toward any other neighboring property (see Acknowledgement and Agreement).
